## **PRESIDENT'S MESSAGE**

As our summer activities begin to wind down and fall begins, we are experiencing some great autumn weather. Come out and enjoy the beautiful days sailing, golfing, playing bocce or just having dinner on the patio. It is a great time to enjoy the last weeks of warm temperatures and the fall atmosphere.

I want to thank those members who have provided some input through the use of our survey cards, which are located on the table in the lobby. We have received some great feedback which helps us determine what to work on to make our club an even better place! There is one theme which continues to come through from most respondents: **Members love the relaxed friendly atmosphere at the club found in the fellow members, staff and the club amenities.** What could be better?

We continue to work on plans to improve our facilities. Our interior painting and woodwork project in the halls and locker rooms is nearing completion, creating a nice improvement in appearance. Coming up, we anticipate the next phase of the patio improvement and rebuild of the waterfront boat ramp this winter season.

You will notice a number of new dining opportunities as we move through the fall and winter season. We just completed another fantastic wine dinner during late September, and the first of our "guest chef" initiatives will occur in October. These unique offerings are intended to provide more upscale dining opportunities for interested members. Come out and give them a try, you will not be disappointed.

As we enter flu season, the club is offering flu shots for your convenience on October 5th. If you are interested, schedule a time to get your shot at the club, free of charge. We continue to monitor the COVID-19 developments in the state and hopefully we can continue to avoid any significant impact on our county.

Stay Safe!!

**TREASURER'S REPORT**

All indicators of the Club's financial health continue to point in the right direction. Our expenses in August were in excess of revenue, but given the recent uptick (or perhaps more than an uptick) in food costs, this was not entirely unexpected. The clubhouse kitchen strives to provide exceptional quality food to the membership, and this will not change in the face of higher costs. On a more positive note, the year-to-date expense of the food and bar is right on budget. We can thank Joe Baker, the House committee and Jerren and her staff for their difficult balancing act between costs and revenues. Please thank them whenever you have a chance.

I am also happy to report that our strong financials have meant that we have not had to make use of our line of credit so far this year. For those not familiar with this, as a relatively standard procedure the Club often reinforces its cash flow from the months of June to December by using its line of credit, which is then repaid at the end of the year. All of our committees and departments are contributing to this positive position.

Finally, it is worth noting that our current firm financial footing is due in no small part to the recent influx of new members. New members often remark about how friendly and welcoming they find the club. It is gratifying to hear from all of the membership that ours is a club that values its members and the positive atmosphere to which we all contribute.

By way of a reminder, the latest financials are always available on the website.

Respectfully submitted,

*Jim Landskroener, Treasurer*

## FROM THE MANAGER

October: Time to start thinking about more indoor activities and less outdoor activities. Just because the Dock Bar and Pool are now closed, there are still many fun activities for YOU!

Start off your Fall by signing up for our Six-Week Triple Exercise of Yoga, Pilates, and Body Rolling. You want to look good at the Commodore's Ball on October 23rd.

Get your Flu shot on October 5th and attend our first "Food 4 Thought" on October 6th. Can you believe it has been 19 months since our last one?

Chef Phil Walsh, previously of CRYCC and Talbot Country Club, will return to the area to present a Fall Chef's Table on October 26th, limited to 50 guests. A culinary delight!

Halloween is just around the corner, so break out your best costume for the Masquerade Happy Hour in the bar on October 29th, then attend our Family Halloween party on October 30th. The Reed family will graciously offer hay rides, and there will be food and fun on the patio.

Roberto will return on October 16th with Cigars at the Dock Bar. The holidays are coming quickly and you may need a special gift for someone, or YOURSELF!

Speaking of the holidays, our Arts, Crafts, and Wine Tasting is November 13th. Plan to purchase gifts made by our members. See art displays and flower arranging demonstrations. Taste some wines that you may purchase for your holiday table or as gifts. You may even win a wine selection.

Pray for our troops who keep us safe. See you at the Club because "your friends are already here."

- Jerren Wetterau, Clubhouse Manager

## A MESSAGE FROM THE HOUSE COMMITTEE

Due to a nationwide shortage in the workforce, we are extremely short staffed. Please be patient with our staff as they have stuck with us throughout all of this. Not only have we weathered, and continue to weather the storm of a world-wide pandemic, we are also dealing with shortages of food, alcohol, and other essential items for your dining experience. Please remember that our staff chose to show up to serve you and have you experience our little slice of paradise here in Kent County....with no passport required!. Please enjoy your time here. Thank you so much for your continued support of our Club!

- The House Committee

## COMMODORE'S CORNER

My eyes are filled with tears! Today is the Autumnal Equinox, marking the end of summer. The Dock Bar will be closing soon, there won't be any watermelon at the farmer's market, and I'll have to begin wearing socks again. It's been a good summer even if COVID-19 continues to mutate and hang around. The summer has had more than its normal allotment of nice, breezy days for sailing, and not too much rain. We've just had the three club invitational regatta, with the overall winner, yes, you guessed it, John and Nancy Henderson.

But there is still about a month's worth of boating activities to enjoy, so cheer up and get out on the water, enjoy your boat, being with friends, and you don't have to wear socks, for now. There are three major events which you can enjoy. First, Hanson Robbins will be talking about "Classic Yachts" on October 6th at 5:30pm. You know that Hanson will have a lot of interesting things to say. Second, the annual Commodore's Cup will take place on Saturday, October 23rd. It would be really nice to have several Sunfish and several Lasers participate alongside the normal group of Cat boats. If we have enough boats, maybe we can persuade the Race Committee to have several separate categories and starts. The third activity is the annual Commodore's Ball the same day.

For those of you who are new to CRYCC, the Commodore's Ball is arguably the best party of the year. This year's format is a dinner dance in an appropriately decorated ballroom, with band and torch singer. This year's theme is an attempt to recreate the supper clubs from the 40s and 50s. Jerren is recreating "Rick's Café Americaine" from the movie "Casablanca." In keeping with the theme, clothing should be night club appropriate, including socks for men. In addition to your friends, the decorations will be something to see. We'll also conduct the "change of command" as I will hand over the Commodore's position to my successor.

We'll end the official boating season on November 6th with the fall workday when we put away the boats. However, some hearty souls will continue sailing in the fall frostbite season.

Last month's nautical trivia question (thanks to Lansing Williams) was admittedly a difficult one to answer as I asked what four pieces of rope remain rope (not line) even after being brought aboard a ship? No one was able to get all four: bolt, foot, bell, and tiller. So, I'll make this month's question easy: What time is it aboard ship when, during the morning watch, you hear six bells?

See you on the water,

## FROM THE PRO - DAN PHILIPPON, PGA

Even though the temperatures are starting to fall, it doesn't mean you have to stop swinging your clubs. The Indoor Teaching Studio, located in the ballroom, will be up again during the winter months. Last year was the first with the studio, and it was a huge success with so many of you coming in to learn how to play better golf!

Again, we have the **FlightScope Launch Monitor**, **Video Analysis** and coming soon, the **BodiTrak Pressure Mat**, an industry leader in ground reaction force sensing!

Flight Scope is a 3D Doppler radar that tracks the flight of the golf ball and captures the club head in real time as it moves through the hitting area. Here are a few of the Ball and Club factors it reads:

**Ball Flight:** Speed, Launch Angles, Sidespin & Backspin Rates, Distance and more!

**Club Head:** Speed, Attack Angle, Path, Face Angle, Dynamic Loft at Impact and more!

As you hit balls standing on the **Bodi-Trak** mat, it makes a recording of your foot pressure against the ground to tell you how your weight is moving throughout your swing. This piece of equipment will become a major factor in understanding how your body should work in the golf swing!

When you combine these systems with video of your swing, you will experience a more rapid learning curve due to the instant feedback of

how your swing action creates ball flight. I can't wait to get started!!

Dress warmly and bring friends to send off  
the 2021 Dock Bar Season!

### FROM THE SUPERINTENDENT

Fall has arrived, and we are entering one of the best times of the year. We have been busy maintaining the course and making sure that it is ready for the fall. We have completed our greens and tee aerifications and are looking forward to getting the fairways done on October 11th. We will be closing the driving range on October 4th for aerification as we will be aerifying the tees and greens that day.

We are also in the process of over-seeding our green surrounds and will be seeding some areas in our fairways that did not hold up well this year. We are also putting together a list of sand traps that will be renovated and area that need to be improved on the course. I hope everyone has had a great summer, and I look forward to seeing you on the course.

Thank you,

- Matt Krukiel, Golf Course Superintendent

## MISGA

This is the final stretch. A short trip to Eagle Creek on the 7th and our last away mixer at Chartwell is on the 12th. The annual party is in the afternoon on Thursday the 21st. So if you need to get in your two events, there are two left. Yes, this a diversion from umpteen years of tradition. Change is good.

I was the only attendee to Woodmore CC. I recommend we include this again. I was challenged on the greens (but I 'm always challenged there!). Undulations and elevations kept the putts interesting. Almost every hole had a dog leg, too. And, the dessert tray was fabulous.

Our organization is looking for a volunteer or two for next year. These events do not happen without work and support of many individuals. Contact Chief Chuck to help out.

Feel free to contact me with any questions or concerns at [larry.ortmann@gmail.com](mailto:larry.ortmann@gmail.com).

## 18 HOLE LADIES

*Golf is harder than baseball. In golf you have to play your foul balls.*

I'm writing to report another great month of golf for the 18 Holers.

On August 19<sup>th</sup>, we played Low Gross in Each Flight. The winners were **Phyllis Brown, Eileen Campbell** and **Gwinn Derricott**. On August 26<sup>th</sup>, we played a favorite: 3 Clubs [of your choice] and a Putter. As Debbie Williams put it, we "came to appreciate all of the clubs we weren't allowed to use." The winning team was **Phyllis Brown** and **Karen Smith**. On September 2<sup>nd</sup>, **Eileen Campbell** won the Mutt and Jeff game.

Those 18 Holers who took prizes in the ladies' flight of the **President's Cup** were: **Amy Ennis** (1<sup>st</sup> Place Gross), **Tricia Mooney** (1<sup>st</sup> Place Net), and **Debby Skipp** (2<sup>nd</sup> Place Net).

*Phyllis Brown negotiates a dicey putt through crab mallets.*

*Genie Wooton tees off.*

Those who placed in the **Labor Day Scotch Tournament** were: **Karen Biggs** (1<sup>st</sup> Place Gross with Frank Ennis), **Marilyn Parks** (2<sup>nd</sup> Place Net with Ford Schumann) and **Amy Ennis** (3<sup>rd</sup> Place Net with Curtis Biggs).

By far, the most fun this month was our **Wine, Cheese and Putts Event** on Friday evening, August 20<sup>th</sup> to which all lady golfers at the Club were invited. The Crabs vied against the Oysters in a croquet-style format on the putting green. The committee did a spectacular job of providing drinks and hors d'oeuvres. **Amy Ennis** created an extraordinary course (she has potential as a putt putt designer) consisting of team-themed challenges such as putting across crab nets, avoiding cans of Old Bay, and getting through crab pots and around oyster shell hazards. Oysters took honors!
