PRESIDENT'S MESSAGE

HAPPY NEW YEAR!

As we close the door on 2021 at CRYCC, we are thankful for the many blessings we enjoy.

Our staff has performed beautifully throughout the year, and as we enter another disquieting period of COVID news, you can feel confident in the fact we are following all local and CDC recommendations at our club. We enter 2022 vigilant and with confidence in our ability to serve you continuously throughout the new year.

We have enjoyed a wide array of entertainment throughout the year, and plans are underway by the many club committees to make next year even better.

We have also elected new officers for the coming year:

President	Mark Kamon
Vice-president	Frank Ennis
Treasurer	Jim Landskroener
Assistant Treasurer	Bill Cooper
Commodore	Jim Moseman
Secretary.	Tracye Landon

During our two-week January shutdown, we will be deep cleaning the facility and performing the necessary checks to be sure we are ready for the new year. Work is also progressing on our two high profile projects recently approved by the membership: 1) Completion of the outdoor patio & dining area and 2) refurbishment of our waterfront boat ramp.

I wish you all the best over the holiday season and a healthy and happy new year.

Cheers!

Mark Kamon, President

TREASURER'S REPORT

This note will be short and sweet!

Our gross operating profit was on the positive side again this month, in spite of the pressure on food and bar that has come in the form of substantial price increases on the things we purchase. The House Committee will continue to evaluate pricing in order to keep us in good financial shape.

I would very much like to thank the membership for your generous donations to this year's staff holiday gift. I think it really sets us apart that we can give a little extra something to the Club's staff this time of year. We hear it often said that our Club is a great place to work, and that is thanks entirely to Jerren, her managers and, of course, you.

By way of a reminder, the latest financials are always available on the website.

Wishing you all a very safe and happy new year!

Respectfully submitted,

Jim Landskroener, Treasurer

DECEMBER BOARD MEETING NOTES

The Board approved a motion to make up to \$120,000 available to begin the hardscaping portion of the patio project.

Respectfully submitted,

Tracye Landon, Secretary

FROM THE MANAGER

By the time you read this, the Club House will be cleaned, the carpets shampooed, inventory complete, and I will be enjoying some vacation time. I hope your Christmas was merry and your new year will be prosperous. I am looking forward to a great 2022 for us all. Pray for our troops who keep us safe. See you at the Club because “your friends are already here”.

COMMODORE'S CORNER

Our next Yachting Committee meeting will be at 1730 (three bells), Tuesday, February 8th. Yachting Committee meetings are open to all CRYCC members interested in waterfront activities, including sailing, power boating, canoeing, kayaking, paddleboarding—or enjoying the beach. Bring your ideas to this or any meeting and help us to expand our enjoyment of the range of craft and instructions we offer to members and families.

The New Year's first “Commodore Presents” will be “Sailing Sultana” at 1730, Wednesday, February 16th featuring Drew McMullen, President of Sultana Education Foundation. His talk will address the unique seamanship and ship-handling characteristics of the tall ship we see passing the CRYCC waterfront. All club members are welcome.

Winter Boat storage/parking requires CRYCC-stickers procured in the Pro Shop. Empty trailers are free, \$150 for all boats—for each summer/winter season, paid in January and June. In any case, all trailers must be identified with a CRYCC-sticker. Contact Beryl Kemp or me with any questions.

FROM THE PRO - DAN PHILIPPON, PGA

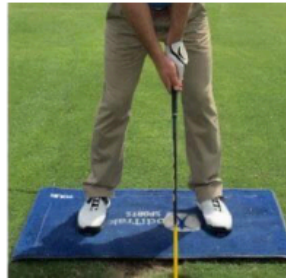

I hope you all had a wonderful holiday season with your families and here's to wishing you health, happiness, and good fortune in 2022!

Speaking of the New Year, I'm looking forward to building on the success we had in 2021 where over 18,750 rounds were played, which was an increase of 24% over 2020 and 2019. Although we had a banner year, I believe we can still increase participation in our tournament program. We have a schedule of fun and competitive events for all levels of players from Twilight Golf to Club Championships. We made registration easy too so you can sign up anywhere as long as you have

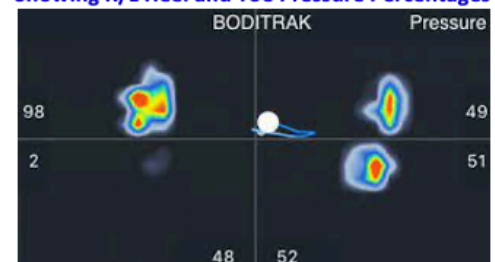

an internet connection! On your computer or phone, go to www.crycc.org, click on "Club Info" and then on "Golf Events". See the full member tournament schedule below and make sure to save the dates in your calendars! If you have any suggestions to make our golf program better, please know my door is always open! Thank you for a great 2021...now, let's make 2022 even better!

Indoor Golf Teaching Studio

The Indoor Teaching Studio will be opening soon, which means your golf season continues! I will be set up in the ballroom over the winter months with our hitting cage, Flight Scope Launch Monitor, Video Analysis and Bodi-Trak Pressure mat. I'm fully equipped to help you play better golf!

Flight Scope tracks the golf ball and captures the club head in real time as it moves through the hitting area. Below are a few of the data points it reads: *Ball Flight - Speed, Launch Angles, Sidespin & Backspin Rates, Distance / Club Head - Speed, Attack Angle, Path, Face Angle, Dynamic Loft at Impact.*

Bodi-Trak records the pressure you put to the ground with your feet, from the address position to the completion of the swing. This piece of equipment will become a major factor in developing the most efficient way for you to swing the club! When you combine these systems with video of your swing, the learning curve will become shorter due to the instant feedback of how your swing action creates ball flight. I can't wait to get started!

FROM THE SUPERINTENDENT

I hope that everyone has had a Merry Christmas and has a Happy New Year! 2021 has been a great year for the Greens & Grounds. We were able to construct new target greens at the driving range, install capillary concrete in more bunkers, continue to work with Bermuda grass in some of our problem areas, and address drainage issues on the course. I am very excited for what 2022 will bring.

- Matt Krukiel, Golf Course Superintendent
